Quick Start Guide

1 Set the power switch to <LOCK>.

2 Insert the battery.

3 Attach the lens.

4 Open the cover and insert a card.

5 Set the Mode Dial to < Full Auto >.

6 Set the Mode Dial to < Full Auto >. The LCD monitor will be displayed for about 2 sec. on the back of the camera. For other lenses, align it with the white index on the lens. For EF-S lenses, align it with the red index. When attaching an EF-S lens, attach the lens.

7 Set the focus.

8 Set the LCD monitor.

9 Focus the subject.

10 Press the shutter button halfway to autofocus.

11 Set the Mode Dial to < Full Auto >.

12 Take the picture.

13 View the image.

14 Press the < button to delete the image.

Setting Digital Functions

Menu Operations

1 Display the menu: • Press the < button, then press <. The < menu will be displayed.

2 Select a menu tab: • Press the < cross keys to select a menu tab, then press <. The menu will display the items indicated by the < symbol.

3 Select a menu item: • Press the < cross keys to select the menu item, then press <. The menu item will be displayed.

4 Select a setting: • Press the < cross keys to select the setting, then press <. The selected setting will be displayed.

5 Set the desired setting: • Press the < button to set it.

Menu Settings

1 Display the menu: • Press the < button, then press <. The < menu will be displayed.

2 Select a tab: • Press the < cross keys to select a tab, then press <. The menu will display the items indicated by the < symbol.

3 Select a menu item: • Press the < cross keys to select the menu item, then press <. The menu item will be displayed.

4 Select a setting: • Press the < cross keys to select the setting, then press <. The selected setting will be displayed.

5 Set the desired setting: • Press the < button to set it.
